

I am confused by the many options available in your entry form.

La version française du site s'en vient bientôt. We acknowledge that there could be a certain degree of difficulty in understanding some choices in the entry form. Note that most of the choices are optional, i.e you do not have to fill them up right away. You can always (if you register) edit and update/add information to your listing. You can find more information about the more confusing features in the 'List Your Business' section. Please do not hesitate to contact us if you need help.
