

How do I change images or update my listing?

If you have created your listing as a registered user you will be able to edit and update your listing since you are listed as the owner of the listing. If you have not registered yet, please do so and contact us. We will verify your details before we give you access to the listing. To edit your listing:

Login to servicedomino.com from the login section. You can make changes to your listing in any one of the following ways.1) Your 'My Account' usermenu contains your profile. Under your profile you will find a list of all the businesses you have entered. Use the 'Edit' button to make changes to the appropriate entry.

2) If you browse to the listing category you will find an 'Edit' button at the top left of your visiting card view. The edit button can also be found at the bottom right of the complete listing view (full page view). This button gives you access to make changes to your settings and update your listing information. Please contact us if you need more information.
